REPORT OF THE SANBORNTON PUBLIC LIBRARY

The books and magazines furnished to the patrons of the Sanbornton Public Library during the fiscal year just ended amounted to approximately 2,679 divided as follows: Adult fiction 1,149; adult non-fiction 134; juvenile 1,153; magazines 243.

New adult fiction books were loaned the library during 1941 and donations amounting to 35 were made by generous friends.

Donations of magazines showed a marked increase, many of these being greatly appreciated because of their reference value. These were used by the school children as well as adults.

Adults and juvenile books purchased with funds amounted to 75.

Sanbornton is greatly favored by being one of the towns in Belknap County to benefit by bookmobile service. This bookmobile visits us approximately every eight weeks making five stops in town as follows: Bay School and the residence of Mrs. Alice Higgins at Sanbornton Bay, the Library, Gaza School and the residence of Mrs. Nellie Atwood in Gaza. Mrs. Higgins and Mrs. Atwood very kindly offered their homes making it possible for the Bay and Gaza sections of the town to benefit more directly by this service.

Respectfully submitted,

GERTRUDE CURRIER,

Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

The largest total enrollment in the schools of Sanbornton in the last ten years was 143 in 1932-3. In the year ending June 30, 1941 it was 106. At the present time the four schools have 97 pupils.

The largest number of children enumerated, between the ages of 5 and 16 was 173 in 1931. In September 1941, it was 134.

The decrease in both enrollment and enumeration has been gradual from year to year, fluctuating a little, but the tendency has been downward. How far will this decrease continue in the next ten years? Will three schools be sufficient to care for all pupils? Will two?

The average annual expenditure for education in Sanbornton the last ten years has been \$11,887.04. The highest cost was in 1932—\$12,938.95. The same year as the largest enrollment. In only three years since have the expenditures exceeded \$12,000.00. In fact, the school expenditures have been unusually stable from year to year.

From 1931-40 there have been 175 for whom tuition has been paid in high schools and 113 in elementary schools. Since the organization of our Grammar School in 1937, however, the elementary tuition has averaged but \$171.00 a year.

The School Board have been able to estimate each year very close to the amount necessary to maintain the schools as is shown, in part by the figures given above. But this coming school year—1942-43—is not to be such an easy problem. In the first place the teacher situation will be rather a critical one. So many men are being called into the service that men teachers and headmasters will be few. The vacancies will need to be filled by women and the cities and larger towns will be able to outbid the smaller

towns for teachers with experience. The small town, therefore, will have to use inexperienced teachers or such as they can get. Another problem for the Board will be to determine the necessary amount of money to ask for this year to meet the rising costs of books, supplies, etc. Nearly everything the schools use, like everything the home uses, is soaring in price. It must be expected the school will cost more in 1942-43 than heretofore.

The graduation in June 1941 was a very pleasing and entertaining affair. The operetta was well done, under the able direction of the music supervisor, Mrs. Gilchrist. The children are enjoying their music and making splendid progress.

The school nurse, Miss Moynihan, is as usual keeping close watch of the health of the children and the sanitary conditions in and about the school houses. Franklin, Sanbornton and Hill are very proud of their excellent school nurse.

All the schools in Sanbornton are now furnishing noon lunches, making use of the "surplus commodities" distribution. The Sanbornton schools like all the schools of the state are being equipped with the suggested equipment for fighting incendiary bombs and being organized in special groups, each having some specific duty to perform in case of need.

We have an excellent corps of teachers this year doing especially good work. The Gaza school has the largest number of pupils—32.

The cooperation of school board, teachers, and citizens has been this year, as in previous years, much appreciated by your superintendent.

Respectfully submitted,

FRED S. LIBBEY,

Supt. of Schools.
